

Only for the KEPCO Area

We're extending our guaranteed savings period by 3 additional months.

We would like to lend support to all customers who suffered from the earthquake in June and the heavy rains in July.

All new KEPCO area residential customers who enroll with XOOM Energy Japan during the promotion period will have their 6 months guaranteed savings plan extended to 9 months.

Extended Until Feb. 28, 2019

Promotion Period

**Dec. 1st, 2018 ~
Feb. 28th, 2019**

Area

KEPCO

for more details

Guaranteed savings on your first 9 bills' electricity charges for residential customers in KEPCO service area.

- * Only new residential customers who are switching to XOOM Energy Japan from KEPCO Plan A and Plan B qualify for this promotion.
- * No other customers qualify. Savings are calculated comparing XOOM Energy Japan charges to KEPCO Plan A and Plan B charges during the same service period.
- * XOOM Energy Japan reserves the right to terminate the promotion at any time at its own discretion.
- * Upon completion of the 9 months guaranteed savings promotional period, residential customers will be moved to XOOM Energy Japan's prevailing rate.
- * Please note that promotion applicability is contingent upon paying all invoices by their due date. In the event that payment is not received by an invoice's due date, customers will be moved to XOOM Energy's prevailing rate effective as of the day following the past-due invoice's meter read date. (Example: If the January meter read date invoice is not paid before the due date, all charges from the January meter read date going forward will be charged at XOOM Energy's prevailing rate.)
